

DIRECTIONS:

To create mini books for your students, print out the book double-sided and on the short edge, place the pages in order, fold in half, and staple. Choose paper that is sturdy but easy for students to write and draw on.

To make their own “We Can Do It!” mini book, have students write their name on the cover. Then have them write their name in the blank on the first page describing the activity and the name of a friend or family member in the blank on the second page. Finally, invite them to draw pictures of themselves and their friend/family member doing each activity.
