

## DIRECTIONS:

To create mini books for your students, print out the book double-sided and on the short edge, place the pages in order, fold in half, and staple. Choose paper that is sturdy but easy for students to write and draw on.

To make their own “Where Are We?” mini book, have students write their name on the cover. Place the name chart in a literacy center for students to use and then have them write the name of a different classmate in each blank. Ask them to draw a picture of that student on the rock.
